

LGI Industrial & Construction SuppliesTM is pleased to announce its' acceptance into the **Canadian Franchise Association of Canada**.

This is a significant milestone for the Franchise Services Division of LGI Industrial & Construction SuppliesTM further embedding the LGI Franchise operation within the franchise industry.

LGI is extremely pleased with the acceptance into the CFA and will continue to work closely with the CFA and its members to promote the LGI franchise model throughout Canada.

"We are very excited and proud with our acceptance by the CFA. LGI's acceptance provides greater exposure of our Brand into the market place, lends a great deal of credibility to our program, and assists with ensuring we have highly a successful franchise model" says Greg Porter, president of LGITM.

With almost 500 corporate members nation-wide, representing many of Canada's best-known brands, the Canadian Franchise Association is the national voice of franchising in Canada and works with all levels of government to develop industry-made solutions.

LGI Industrial & Construction SuppliesTM provides product support and service solutions for manufacturers, commercial and residential construction companies, maintenance and repair operators, government, and the military.

With almost 20 years of corporate experience and through the growth of its franchise program, it is LGI's mission to be the world's recognized leading supplier of these goods and services by consistently providing honest value, professional support and local personalized service.
