## Make the Right Choice More Comfortable

Norton RightCut products offer the longest life and fastest cut with more stability and a narrower pass. Our upgraded Norton Gemini RightCut wheels are the best aluminum oxide option in the market for steel and ferrous metals.

The 100% aluminum oxide abrasive has been infused with a new bond technology and processing for a thinner wheel design and low kerf loss. Our exclusive new design will outlast and out cut competitive aluminum oxide blades.

### FEATURES & BENEFITS

- Thinner and Faster Cutting
  - Provides a clean, burr-free, quality cut
  - Ensures a precise, straight cut
  - Increases productivity
- Longer Lasting
  - Extends wheel usage for significant cost savings
- Easier to Use
  - Requires less pressure
  - Increases operator comfort

This is a limited time offer while supplies last!
